

**2 ii) Brief details regarding background of the Trust/Society,
Governing body members, etc.**

THE PROMOTING BODY

**INTRODUCTION TO ITS GENESIS INCLUDING ITS REGISTRATION
STATUS**

The beginning of the Institute goes back as far as 1917, when the need for training in Municipal Administration was felt. All India Institute of Local Self-Government, designed to promote & support activities in the area of Research and Training in Municipal Administration, was launched in 1926. Since its inception, the Institute has covered various states through its regional offices and peripatetic as well as permanent centers

Its activities, which began in 1926, are both at Regional and National levels. The Institute undertakes research studies, and organizes and conducts specialized courses, seminars and conferences and provides open forum for officials and non-officials of Municipal Administration.

During a span of over seventy five years, the Institute has grown both in terms of spheres of work services and opening of branches to cover many states in the country. Today, the Institute has over 20 branches in all.

The ever-growing activities of the Institute have made it necessary to develop its own infrastructure. In 1962, the Institute established its own center or research concerning urban and environmental aspects. The Regional Centre for Urban and Environmental Studies was established at the Institute in the year 1968, as sanctioned under circular no.F-11-3/67 LSG. Dated 30th January 1968 by the Ministry of Family Planning, Urban Development, Government of India. The centre covers the Western Region of India viz. states of Gujarat, Goa, Maharashtra and Rajasthan. The centre is actively engaged in carrying out research concerning urban, environmental and municipal aspects and provides need-based training to the Local Authorities. The Institute also undertakes international training programmes on important urban and environmental affairs in the world.
